OKONITE COMPLETES MAJOR EXPANSION AT ORANGEBURG, SC PLANT

A BLUEPRINT FOR THE FUTURE

We are excited to announce the completion of a significant capital investment at our Orangeburg, South Carolina EPR manufacturing plant.

This project included the expansion of the cable facility footprint and installation of state-of-the-art production equipment.

The Orangeburg plant has enhanced its capacity and efficiency with the integration of new wire drawing, insulating, concentric wire application, and packaging lines, thereby reinforcing Okonite's capability to provide the highest level of customer service

Over the past decade, Okonite has invested more than \$500 million into modernizing and expanding our manufacturing facilities across the United States.

These long-term commitments ensure that Okonite remains at the forefront of insulated wire and cable manufacturing while reinforcing our promise to provide customers with industry-leading quality, reliability, and service.

At Okonite, we believe that continuous reinvestment is essential; not only in our facilities, but in the future of our customers, our employee-owners, and the communities we serve.
