While celebrating 141 years of legendary performance, innovation and reliability, Okonite continues our long standing commitment to maintain finished stock inventory and to provide specialized customer services. Recently, we have expanded, modernized, and built entirely new geographically decentralized Service Center facilities to support these efforts.

With our brand new facility in New Orleans, which opened for operation in November 2018, Okonite's Service Center operations now total over 393,000 square feet. This provides our customers with inventory, custom cutting capability, and cable management services with five locations which are strategically located to provide unequalled support nationwide.

With Okonite's Service Center operations, additional stocking support from our cable manufacturing facilities and our commitment to premium cable products, we remain ready to meet your cable needs.
